भारतातील भव्य इलेक्ट्रिक वाहन प्रदर्शना आज पासून सुरवात

बघा इलेक्ट्रिक वाहनांचे लाईव्ह डेमॉन्स्ट्रेशन

पुणे— ईव्ही टेक इंडिया एक्सपो 2025, 7 ते 9 मार्च 2025 दरम्यान पिंपरीतील ऑटो क्लस्टर एक्सिबिशन सेंटर येथे आयोजित करण्यात आला असून, या एक्सपोमध्ये जागतिक उद्योग क्षेत्रातील अग्रगण्य व्यावसायिक, उत्पादक, धोरणकर्ते आणि गुंतवणूकदार एकत्र येऊन नवीन इलेक्ट्रिक बॅटरी तंत्रज्ञान आणि चार्जिंग इन्फ्रास्ट्रक्चर प्रदर्शित करत आहे.

नाविन्यपूर्ण बॅटरी सोल्युशन्स आणि शाश्वत मोबिलिटी तंत्रज्ञानाच्या सादरीकरणासाठी एक प्रमुख व्यासपीठ ठरेल.

या एक्सपोमधील मुख्य आकर्षण म्हणजे इलेक्ट्रिक मोबिलिटीचा प्रत्यक्ष अनुभव घेण्याची संधी देण्यासाठी एक विशेष टेस्ट ड्राईव्ह झोन देखील असेल. येथे अभ्यागतांना अत्याधुनिक इलेक्ट्रिक कार, आणि बाईक चालवून त्यांची कामगिरी, कार्यक्षमता आणि ड्रायव्हिंग अनुभव प्रत्यक्ष जाणून घेता येईल.

इव्ही टेक इंडिया एक्सपो 2025 हे भारतातील इलेक्ट्रिक वाहनांच्या क्षेत्रातील एक अत्यंत महत्त्वाचे घडामोडी आहे.

EV Tech India Brings Top EV Companies
LIVE Demonstration and Test Drive Available

EV Tech India Expo 2025 was inaugurated yesterday at Auto Cluster Exhibition Centre, Pimpri. The event is bringing together global industry leaders, manufacturers, policymakers, and investors to showcase the latest advancements in electric vehicles, battery technology, and charging infrastructure.

EV Tech India Expo 2025 is featuring over 100 exhibitors With 10,000+ expected attendees, including industry professionals and EV enthusiasts, the expo is set to be a defining moment in India's transition toward a cleaner, electrified future. Bringing together a diverse range of global and domestic brands, including manufacturers of electric vehicles, component suppliers, and providers of charging infrastructure solutions. Attendees will have the opportunity to explore the latest advancements in the EV sector, from cutting-edge battery technology to next-generation energy-efficient mobility systems.

The EV Tech India Expo 2025 is organised by Globe-Tech Media and Co-Organised by the International Federation of Electric Vehicle Association (IFEVA), supported by esteemed Associations such as the Automotive Research Association of India (ARIA), India Energy Storage Alliance (IESA), National Highway for Electric Vehicles (NHEV), Charge Point Operators Society (CPOS), Testing Instruments Indian Chamber Commerce Industry (TICC), Society for Smart e-Mobility (SSEM), Automotive Skills Development Council (ASDC), CIRT, IDTR, and BARAT NCAP. One of the major attractions of the expo will be the unveiling of breakthrough innovations in electric mobility. Several industry leaders are expected to launch their latest products, including new electric vehicle models, advanced battery solutions, and smart energy management systems. For those eager to experience electric mobility firsthand, the event will feature a dedicated test drive area.

"The EV Tech India Expo 2025 is a pivotal platform that brings together innovators, industry leaders, and policymakers to drive the future of electric mobility in India. With the EV industry witnessing unprecedented growth, this expo will play a crucial role in accelerating the adoption of sustainable transportation solutions. We are committed to fostering education and showcasing cutting-edge technologies that will shape the next phase of India's EV revolution," said, Mr. Mukesh Yadav, Project Director of EV Tech India Expo.

The event will host expert-led keynote speeches and panel discussions featuring some of the most influential voices in the industry. Policymakers, business leaders, and sustainability experts will share insights on emerging trends, government policies, and market strategies shaping the future of electric mobility in India and beyond. To further educate and engage the audience, EV Tech India Expo 2025 will include workshops and seminars on key topics such as battery technology, smart charging infrastructure, and the integration of electric mobility into urban planning and smart cities.

We are thrilled to have participated in the EV Tech India Expo 2025 at the Auto Cluster Chinchwad Pune from 7th-9th March 2025.

This event provided an excellent platform to showcase our latest advancements in EV #charginginfrastructure and to engage with industry leaders, enthusiasts, and policymakers.

Our diverse range of AC and DC charging stations, spanning from 3.3 kW to 240 kW, attracted significant interest, reflecting our commitment to making electric vehicle charging accessible, reliable, and convenient for all.

We deeply value the trust and support of #EV owners across #India and remain dedicated to expanding our network to meet the growing demand for #sustainable #mobility solutions.

Thank you to everyone who visited our #exhibition stand and shared insights on the future of electric mobility.

Exciting Moments at the Expo!

We had a fantastic experience participating in the EV TECH INDIA EXPO from **March 7-9**!

It was an incredible opportunity to showcase Redon India's** cutting-edge **lithium-ion battery solutions** and connect with industry leaders, enthusiasts, and innovators.

A big thank you to our director Mr. Rajesh garg Sir, and the entire team for their dedication and efforts in making this event a success.

Your support and enthusiasm drive us to keep innovating in the **EV and energy storage sector**.

Looking forward to more collaborations and advancements in the **lithium-ion industry**!

Let's power the future together. ⚡🌱

A Thrilling Experience at EV Tech India Expo 2025! ⚡🌱

Representing NT Power Systems Pvt. Ltd. as a Business Development Manager at EV TECH INDIA EXPO 2025 in Pune was an incredible journey! The event was a powerhouse of innovation, industry leadership, and future-focused discussions on electric mobility.

From cutting-edge battery tech to next-gen drivetrains, the expo showcased advancements shaping the EV industry. Seeing top manufacturers, startups, and pioneers come together to drive India's EV revolution was truly inspiring.

Key takeaways:

- ◆ Tech Innovations – Advances in battery management, energy storage & EV powertrains.
- ◆ Live Demos – High-performance EVs & commercial transport solutions in action.
- ◆ Expert Insights – Policy, investment & sustainable mobility discussions.
- ◆ Networking – Connecting with top industry leaders & innovators.

With Pune emerging as India's EV innovation hub, the momentum for sustainable mobility has never been stronger. Excited for what's ahead!
